

Member's Acceptance of Liability

Jacqueline Rose Observatory Club

All Members Acceptance of Risk: The MEMBER (and any Adult Guarantor/Sponsor for members under 18) acknowledges and understands that participation in some activities and the hobby of astronomy in general includes a **risk of physical and mental harm**. Since astronomy is most usually conducted in a dark environment, often in the presence of heavy equipment, there are natural dangers. Being in the open air, exposed to both the elements and other members and often in a location not well-suited to public gathering, there are unseen dangers. There are other risks not specified herein.

MEMBER and any adult guarantor/sponsor for minor member acknowledge their sole responsibility for their own physical and mental health during all activities, and accept unto themselves all risks and dangers associated with the observatory and the club (hereinafter both called the JRO) and related activities and hereby hold the JRO, all representatives, presenters, hosts, directors, assistants, and any other agent of the JRO, including Dr. Jerry P. or Mary Galloway blameless against any claim(s) of injury to MEMBER that may occur during any related activity.

MEMBER and any adult guarantor/sponsor for minor member agree not to bring any legal action in any form against Dr. Jerry P. or Mary Galloway, any hosts, presenters, directors, assistants, any representatives or any other agent of JRO, for any consequences related to participation or membership in this club.

This is publicly posted for all members to see and all members, in exchange for their membership in the JRO club, accept this policy in full.

Dr. Jerry P. Galloway
